

Unistar Multimedia limited endeavours to ensure that the data and other material in this section are correct and complete, but does not accept liability for any error made or omission from this section. We take every care and precaution to ensure that information published is accurate when posted and regularly updated, but we do not guarantee its accuracy and we may change the information at any time without notice. We publish this data "as is" without any warranty of any kind, express or implied. Unistar Multimedia limited shall not be liable for any claims or losses of any nature, arising indirectly or directly from use of the data or material on this section or unauthorized access to this section or otherwise howsoever arising (except to the extent required by law). The information contained in the Key Financial Statistics, Interactive Charts or Share Prices and Graphs is not an invitation to invest in the shares, or any other products or services or otherwise deal in these or enter into a contract with "Unistar Multimedia Limited" or any other company. The information provided should not be relied upon in connection with any investment decision. You must take appropriate steps to verify this information before acting upon it. The past performance of "Unistar Multimedia limited" or any other Group company referred to on this website cannot be relied upon as a guide to its future performance. The price of shares and the income derived from them can go down as well as up and investors may not recoup the amount originally invested. The information in the Share Prices and Graphs is displayed at a lag of around 15 minutes. You may print copy of parts of the information in this section as you may reasonably require for your own personal use provided that any copy has attached to it any relevant proprietary notices and/or disclaimers. Statements in this section describing the Company's objectives, projections, estimates, expectations may be "forward looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include, among others, economic conditions affecting demand / supply and price conditions in the domestic and overseas markets in which the Company operates, changes in Government regulations, tax laws and other statutes and incidental factors.
